

**Commercial agreement with GeckoSystems International**  
**— Technology exchange and joint marketing**  
***in autonomous mobile service robots and next-generation mobility —***

ZMP INC. (Head Office: Bunkyo-ku, Tokyo, CEO: Hisashi Taniguchi, henceforth ZMP) and GeckoSystems International Corporation (Head office: Georgia, CEO: Martin Spencer, henceforth GSIC), signed a memorandum of understanding of technical exchange and joint marketing in international and then agreed to negotiate toward collaboration.

ZMP RoboCar® MEV

We are considering joint projects in the field of mobile service robots, autonomous mobile wheelchair and autonomous mobile vehicles and so on. We are aiming to develop technologies and products that support disabilities and elderly for safe and comfortable life.

In addition, since August 2011, ZMP INC. has been recruiting and management robot motion control technologies with HIRAYAMA & Company International Patent, Design & Trademark Attorneys (henceforth HIRAYAMA). Also on this agreement, HIRAYAMA will allocate outcomes and management intellectual property depending on the degree of contribution.
